

SHIKHA BHATT

FRONTEND DEVELOPER

Waterloo, ON, Canada | +1(226)-821-5577 | shikhabhatt1999@gmail.com

PROFILE SUMMARY

Passionate frontend developer with a flair for creating engaging and responsive web experiences. Proficient in HTML, CSS, JavaScript, and reactJS, I specialize in turning design concepts into polished, user-friendly interfaces. Committed to staying ahead in the dynamic world of web development, I thrive on collaborating with cross-functional teams to deliver high-quality solutions that elevate user satisfaction. Let's build the future of the web together!

EXPERIENCE

Frontend Developer, Team Lead

Nov 2021 – Present

York.ie, India

- Executed critical technical tasks with a focus on ensuring code quality and meeting delivery timelines effectively.
- Provided constructive feedback and mentorship to foster the professional growth of team members, cultivating a collaborative and supportive work environment.
- Utilized JavaScript frameworks, particularly ReactJS, to develop user-friendly websites, enhancing the overall user experience.
- Applied expertise in markup languages, such as HTML, to meticulously craft web pages, prioritizing user satisfaction and accessibility.
- Implemented responsive design techniques for mobile websites, ensuring a seamless and engaging user experience across various devices.
- Collaborated closely with back-end developers and web designers, optimizing overall usability and promoting effective cross-functional teamwork.
- Thrived in a dynamic work environment, consistently delivering high-quality results within specified schedules.
- Conducted comprehensive usability testing, promptly addressing bugs and optimizing website performance.
- Maintained adherence to high-quality graphic standards and brand consistency, contributing to a polished and professional online presence.
- Coached team members through valuable technical and design feedback, fostering continuous improvement and excellence.

Web Designer

July 2020 – Oct 2021

Innovexxia Technologies, India

- Collaborated with other Front-end Developers of the Your Career at IBM developer team and function closely collectively with Back-end developers and Solution Architects of the project. Participated in the rewrite of Your Career at IBM front-end from Aurelia to React.
- Participated in an agile, collaborative environment across software architecture, understanding both front-end and back-end processes, while specializing in the front-end.
- Contributed closely with visual designers to deliver wireframes from conception to implementation, and Back-end developers to ensure tested and production-ready UI code.

- Wrote code for user interfaces, including interactions, responsive layouts, and styling. Utilized and contributed to the W3DS (Design Standards) to produce optimum user experience.
- Experienced in JavaScript, familiar with the latest syntax (min. ES6), with a proficient understanding of React.js and Node.js. Practiced in UI development technologies such as HTML, CSS, Redux, and API usage.
- Built, tested, and maintained user-facing products, optimized for web performance, ensuring security and data protection, while utilizing automated test suites and DevOps tools.
